Bikaji Foods International Limited.

"We delivered a strong first quarter of FY27, with consolidated revenue growing 12.5 % year-on-year, led by robust volume growth of 7.7 % across our portfolio. Our Ethnic Snacks and Western Snacks categories were the standout performers reflecting the continued strength of our brand, the reach of our expanding distribution network, and sustained consumer demand for our products. Despite persistent inflation in key raw materials, we improved our gross margins by 70 bps YoY at 35.7%, a testament to the discipline of our procurement and manufacturing teams and the pricing and mix actions we have taken. We remain sharply focused on operational efficiency even as we continue to invest behind capacity, distribution, and new product development. Looking ahead, we are confident in our ability to sustain healthy, profitable growth, and we remain committed to strengthening Bikaji's position as one of India's leading snacking and ethnic food companies"
